**M**emory Lane can be full of pot holes. And considering what marijuana can do to one's memory, I'm amazed that anything comes up on the memory screen at all!

My dear old friend Lenny Burtman, who is now with the TS angels in heaven, was all but obsessed with the likes of the girls who are in our cover spread for this issue. His taste had a lot to do with forming my taste. I found that by looking through his eyes, I could come to understand almost any fetish or human

**From the EDITOR** desire imaginable. His unending desire for lovely, lithe young European TSs and TVs has made a

bookmark in my own tastes, and I find a chill running down my spine when I remember the naughty, but sophisticated attitude these young *filles* had. They taught me alot about how to hold oneself in public (they lived as girls full time) and how to flirt and sass one's way through life. From LuLu, to ZaZa to Colette and on to the Kessler twins, these girls are the heirs to a long line of showstoppers. They just happen to be boys under all the feather and glamour. But just as pretty and feminine as their "real" counterparts. God knows, you have to try harder when you're number two!

All my love,  
Kim Christy

At the time she was not a priority because, she was not, then,

Our agent, Judy, helped me to establish myself in hotels near the

Phaedra Kelly, our international correspondent brings us a story from the vice district of Greece.

Just as ancient Greece was the cradle of civilisation, so modern Greece begets a new civilisation, and a story of hope in a world gone wrong.

*IGTA's eleven B3 agents, traveling abroad to engage in sometimes deep-cover and sometimes pro-active field missions, gathering data, evidence and documentation on and from foreign TG communities, fighting for their rights in the front line.*

The following is just one IGTA case:

We first heard of Aloma Haralambos in 88 via the gay media, when she was the first Travesti (gay Transvestite prostitute) to organize a coalition or

in any trouble, and attempts to establish a contact failed,—TGs seldom answer mail in their own language let alone a foreign one. IGTA had missions to do in neighboring Turkey with another TG organizer who was suffering direct attack by corrupt police.

By 92, we had one agent resident in Athens a hetero TVs and my first mission there was unscheduled, as I came in off a vast overland outreach mission through Eastern Europe, flying in from Istanbul. Our agent could

ing, with barely an hour's sleep and a tiny meal over two weeks meeting journalists, lawyers, gay and lesbian groups and other human rights workers by day, and by night in my high heels on Athens' uneven pavements meeting the beautiful Greek sisters at their work.

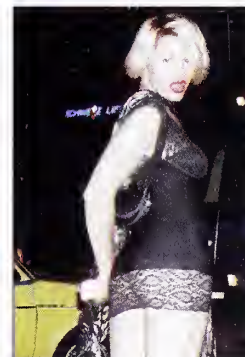

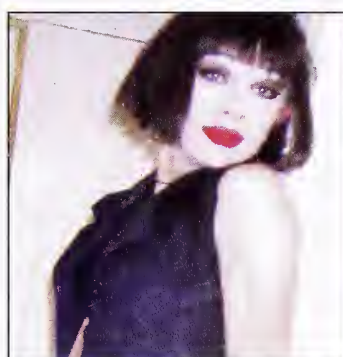

I built the kind of network from home that would help me to

both official and alternative, by doing much of what they all ought to have been doing in the first place.

She organized the Travesti on the street to look after the female prostitutes, and in particular to watch over the under-aged girls, and encourage them out of the trade. She also did a lot to force police to start representing all the

soaked. in gasoline was put around her and she and it were set alight.

The Travesti was found in time and saved but suffered terrible scars and burns. The police proved slow and inefficient in investigating and Aloma suspected that this was on purpose, so she followed up on witness reports of the colour, make and

find Aloma, and also learned from those who love her and those who hate her, something of her story, before I had to fly home with my sore feet swollen and wounded.

One comment in Strass, a Travesti drinking club, was that Aloma was in jail for having made a peaceful protest, which brought her into line for attention as that is against all human rights statutes.

But more than that, she had embarrassed a lot of authorities,

girls fairly when they were attacked. Frequently, she would go to the police station to protest—Greeks have two main ways to pressure people, one is to sue them in court, the other is to pass out fainting at their feet, and Aloma used both of these methods where they were suited.

But besides such traditional means, her Travesti group actually became a police force for a time after one of the girls was abducted off the streets by three nazis and 'necklaced'. A car tire

index (plate number) of the attackers car herself.

She and several of her group toured surrounding countryside for weeks until they found the car. Then they called in the police and forced them to make an arrest. The men are now serving long sentences.

By 95 Aloma had been located along with the vestige of her old group, AKOE, now run by a young gay lawyer Menthos (Mat) Peponas, who on my return to Athens introduced me to her

case. She was in the special Travesti wing of Larissa prison upcountry, facing some 47 years and rising for several totally false charges, most important among them, murder.

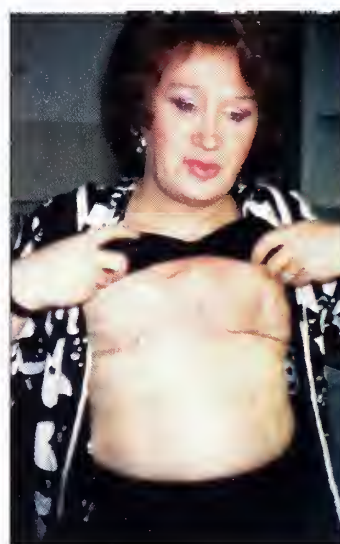

A nazi boy hurling abuse at Travesti had been hit on the head by a stone, but he died later from a fall from his motorbike. Aloma had not even been present but was named as his killer solely

too good a leader and politician and they wanted rid of her. Mat and I travelled to Larissa to defend her in court against the one charge which was real—ten years for defaming the judge by accusing her of corruption. We were only able to get that reduced to three years, but it was more important then to see Aloma in jail and find out how she was.

Within a month of that mission and IGTA's follow up, Aloma had painkillers, Amnesty International were taking notice and our own network had been alerted.

On a second mission in 1995 to speak again in court for her, I went also to Istanbul and brought in the Turkish Travesti group an human rights team on her case.

In 1996 I attended her case in

*From left: Aloma during happier times with a message from the world, in Greek, of course; Aloma in prison; The botched mastectomy, the "necklacing" victim's scars from her nazi torturers.*

because she had advised Travesti sisters to defend themselves.

Another charge was theft of a handbag from a pedestrian, done from the pillion of a motorscooter. The one witness was shown a twenty-year-old photo of Aloma and was told to say it was her. Later on seeing Aloma in prison she retracted, and was harassed by police into making the charge yet again.

It soon became apparent that our sister was in jail under only one charge, that of breathing with intent to live. She had been

Unwell was the answer. She'd suffered breast cancer and prison surgeons had botched a double mastectomy leaving her with scars, and very much pain, yet with no pain killers. I was able to sneak some photos of the results, and Aloma smuggled to me pictures of the "necklaced" girl, and of the results of their peaceful demo, turned by police attack into a riot. One sister was so badly beaten in the face with clubs she could no longer work, later she killed herself with a drug overdose.

her hometown, Thessaloniki, Greece's second major city. There I met sisters who did not love her so much. It had been there that she centered her political party which had failed to win election. Police had got at the girls, pressuring them and bribing them to swear out complaints against her. It was true that Aloma had slapped them around sometimes, but to regiment them, as many were junkies to which she rightly, objected, and she needed to save them from that but with no detox centers she had

only her own wit and will.

On the streets at night I found our sisters there were still strung out on dope, and thus had been easy targets for the police, who had changed their memories of Aloma for them. In court, I had a day in which to alter their thinking across a language barrier, and help Mat to make points to the bench about Aloma's fitness to

human rights teams.

So Mat worked on in Greece and IGTA from the U.K. so that in 1997 we heard that Aloma had been unconditionally released. All charges dropped.

Apart from her note of thanks, Aloma had not been heard of or from since, until in October 1998, one of our agents in Greece sent us a

own. It also had its effect. *The Athens News* reports; 'Mayoral candidate Maria Damanaki has raised the issue in her campaign, including the head of a gay rights group in her ballot.'

Once IGTA hears of, or agrees to take a case, it remains relentless, employing creative thinking in the field and using every resource possible. We make no promise,

***Clockwise from above: Aloma addressing a rally on minority rights; sisters support baton victim; baton victim who later killed herself with drugs as she was unable to work; Phaedra Kelly and Mat the lawyer***

be a politician. She had no college to attend to learn how, all she could do was watch and learn from other politicians so, not all her errors had been her own.

Somehow, with Mat, I succeeded and another ten years came down to two. But as ever, besides reducing her sentences, my aim as an IGTA agent was to stress to the courts that I was a vigilant international observer, with media connections, who was reporting back to many other

newspaper clipping: TRANSSEXUALS TAKE TO THE STREETS, was the headline. Aloma had put some unexpected pep into the local government elections in Larissa, the city that once held her prisoner, and where paradoxically, she still has many friends.

She had headed up a Transsexual Pride March there, she and the girls gaining quite an audience of admiring young men in the usually quiet and conservative city, which has no real vice center of its

only the same vow to all, to do our best and never to give up. The motto of IGTA is 'Fear Not The Life May End, Rather Fear it May Never Begin'.

But while we do have most of what we need in terms of moral courage and intelligence, the main tool of any; team's job is money, which we are always lacking. Kind contributions are very welcome. IGTA, I Bank Buildings, School Green Road, Freshwater IoW, P040 9AJ. U.K. ♥

## Shopping and...

Just had to write to tell you about the most extraordinary day I've ever had as a transvestite. We've all been ridiculed at one time or another but this time was much different than previous encounters.

I try to get out at least once a month to go shopping and experience life as a woman. Gay and lesbian clubs are okay but for me the real challenge is being in public and this was my day for that. It was a Saturday and I had just spent the better part of two hours doing my make-up and now it was time to choose my outfit for the day. Nothing too fancy, I was going to a mall I often go to. I picked a navy blue pleated skirt an inch or so above the knee, a navy blue blazer and ivory sweater. With black pumps and nude pantyhose the look was dressy but okay for where I was going.

Off I went and headed straight for a lingerie shop I had been to many times. I got the usual smile from the owner, she cer-

tainly likes my business as I've probably spent close to a thousand dollars there over the years. As always, I go to the newest display of bra and panty sets and begin to sort through. I hadn't been there long when two attrac-

tive women in their early thirties came in. With flawless make-up, perfect nails and lovely clothes, these gals could easily have been on a magazine cover. They came my way and began going through the same display I was. I got a friendly smile from both of them as our eyes met at such close quarters. So far so good, I thought.

For the next several minutes we were almost tripping over each other and I found myself between them. Was I in my glory or what? A few more minutes passed when the woman on my left went over to her friend and whispered in her ear. I couldn't hear all of it but she said, "I think that's a guy."

Trying not to look nervous I continued going through the bras and hanging them back up. They moved to the aisle in front of me and pretended not to be looking my way. I knew I was being inspected from head to toe. Soon they began to giggle and I knew my secret was out. The whispering and giggling got going non stop as I pretended not to notice them. I moved away a little further but they followed and continued having a good time. Not getting any reaction from me, they approached and blocked my path. As soon as our eyes met one of them spoke, "cute outfit!" she said.

## E D I T O R

They both burst out laughing. The whispering got louder now, they wanted me to hear everything they said. There is no other way to put it, I was being teased.

They weren't as vulgar as some have been, with people like that it is usually over very quickly.

These women were non-stop and followed me through the store. I came across a bra set I really liked. As I left the rack with it, they knew I was going to buy it. Clearly I heard, "she finally found one," and the giggling got going again. To them, calling me "she" was derogatory but little did they know that transvestites like being referred to in the feminine gender. So far

it was the nicest thing they said. By now this had been going on for at least ten minutes, the longest I had ever endured such teasing. One thing struck me funny, at no time did they call me a sissy or a faggot or anything else, that's what I usually get. I moved to a circular rack loaded with camisoles, slips and such. No sooner did I start going through it when they decided to do the same on the opposite side. One of them pulled out a white lace teddy and held it against her as if she was going to see what it looked like in the mirror. Looking straight at me she bent slightly at the knees and rocked her shoulders back and fourth. I didn't know if this meant, "I have one of these on," or "Why don't you get one of these?"

She hung it back up and turned the rack towards me. Little did she know I intended to buy a teddy anyway. I found one I really liked, it was red satin with lace at the bust and straps. It was far more feminine than the one I had been shown. I held it against me with the lace at the bust as she had and did the same little dip at the knees and rocked my shoulders. It was the first reaction they got from me. "Isn't that sweet?" I expected no less. I walked away with my bra set and teddy in hand and went to the sales counter.

As I left the rack I heard "bye hon." I never looked back. While I paid for my things the woman who owns the shop asked what had been going on. "Just a couple of girls having fun", I said.

About an hour or so later my

feet were killing me, I'd been in my high heels for close to three hours. I wasn't finished my shopping yet so I decided to have a coffee at one of the restaurants in the mall. I wasn't in there very long when guess who came in? They sat one table over and as they were pulling their chairs up they noticed me.

Here we go again, I thought. They both smiled as they seemed to be inspecting me again. I was sitting with my legs crossed and I felt as if they were

**"In a very civil tone and in a manner that seemed sincere she said, 'You have very nice legs.'"**

trying to look up my skirt. I was tempted to let them do just that but that's not lady like. For the next minute or so it was very tense as I waited for what I didn't know. Our gaze had caught again when I got a wave from the one who'd said, "Isn't that sweet." I had no idea how to react, was this more teasing? What the heck, I thought and I waved back. I got a slight giggle but nothing like before. The eye contact was constant for a few seconds when the other woman spoke. "Do this often?" she asked. Her voice was firm but not sarcastic. "I try to," was my reply. "Interesting," she said with an almost straight face. I was still very nervous at this point and was expecting the other shoe to drop.

We sat for the next few minutes more or less staring at each

other. When she spoke again, she floored me. In a very civil tone and in a manner that seemed sincere she said, "you have nice legs." This was not what I expected. What happened since our encounter in the lingerie shop? Did they think they went too far? Was this an apology or were they curious and wanted to know more about my lifestyle? Looking straight at her I replied, "Thank you and so do you." She smiled and seemed to enjoy my compliment. What do

I do next, I thought. Somehow it seemed the next logical step would be to join them. I imagined the three of us engaged in girl talk like never before. They both had bags from the lingerie shop, maybe we could show each other what we bought. As I tried to figure a way to invite myself to their table, the worst possible thing happened. Two guys approached the table and sat with them. Not only was it obvious they knew each other, they were probably their husbands since I had noticed the girls had wedding rings on.

What now?, I thought. I now felt for my safety. Would they expose me? They had their backs to me but I didn't want to take any chances. I left in a hurry. As I headed for the door I got a short wave and a bit of a wink. I wondered if they told

their husbands that the woman who was behind them was a guy.

This happened a few weeks ago, Kim. I intended to shop in that store every Saturday in hopes of meeting these two women again. Am I sucker for punishment?

Well, if I'm going to get teased it might as well be by the most feminine ladies I've ever had to try to look up my skirt. Well I have to go now, thank you so much for listening. I intend to wear that red teddy for a special friend tonight so I'm sure you understand my haste in getting ready.

Love and kisses,

## I have 8 1/2"

You have out-done yourself again...I just watched the "Queen of the Fetish Ball." It took 4 hours to get through—I blew my wad 5 times!! Christy McNicole is one tasty, bad ass she-male! Mmmm, how I love a girl that likes to use her cock!

Do the guys in your vid's pay YOU to be in them? I am at least as good, if not better looking than most of them. I have 8 1/2" and I would work for free! Actually, I would be willing to pay you just to do one scene with any of the

girls in your "stable."

I would love to get back issues.....FMI, Vol. 28, Number 1, issue 105; 2 copies if available. Also, 'Sissy Expose' #40, Vol. 6; 2 copies. Why? Because I would like to frame the center-folds and some of the pictures for my new "playroom!" What better decoration than beautifully framed photos of sexy she-males?

Let me know, PLEASE!!

## Random Queries

I love your magazine. I have been reading it for years. Keep up the great work.

I want to ask you a question. If you can help me it would be greatly appreciated. A while ago in FMI Volume 27, Number 3, Issue 101, you had a stunning covergirl by the name of Linda Campbell. Do you know if she has a website or a e-mail address or any other way I could contact her? Thank you for your help.

## Hard Work

I've been meaning to write you for months, I actually have but always tore up my letters. I'm a married male who for the past few years has been very interested in the unique specimen of she-males. I've purchased several video tapes and magazines featuring these unusual individuals. I've never had the pleasure of sharing any physical contact with one, but if I could I would like to experience these moments with you. You are by far the most gorgeous person I've ever seen. Your face is extremely beautiful. Your lips seem to be round, full, very soft and very kiss-able. You definitely possess the greatest body anyone could have. Your legs are very sensuous, waist flat and firm, hips and derriere round and ripe, breasts are ideal and your cock is just succulent with it's long shaft.

On a basis of 1 (low) to 10 (high) you are at least an 11. How did you get to be the ultimate, most beautiful, luscious person on this planet?

More than just a fan.

*Thanks for the great compliments! Kim*

VIDEO FLASHBACK

# TV training center

*Kim Christy and Tina Alameda at their best in the late '80s. Starring Lois Ayres as the nurse and the budding young talent of Karen Geoffrey Dior as the TV in training.*

Yeah, send the next one in. ● Fill out this consent form, young man. You may be irretrievably feminized, and we can't be held responsible. ● I have these strange urges... ● Of course, you do. That's why you're here, sissy boy. You'd be no good as a man anyway. ● I don't want to be a man. ● No, but I bet you'd make a pretty little girl. ● Do you think men would find me attractive? ● Sure, sweetie. We'll put some lipstick on that little pussy mouth of yours, and you'll see. All kinds of men will want you. They'll want to fuck your pretty little face. ● Oh, I don't know if I could do that! Men are very interesting, but I don't know if I could actually make love to one of them. ● Oh, well see about that.

First we'll put a good base of this angel blush color to make what we can laughingly call your beard, all but disappear! There, a nice smooth canvas to work on. ● *Will I be as pretty as you are?* ● Oh, how sweet. You're really one of the nicer boys that I've helped out here. But to answer your question, no. You won't be as pretty as me. But you will be a very sexy little girl. I might have to introduce you to my husband. He likes pretty little girls with "something extra." ● *Oh that would be wonderful. Is he as handsome as you are pretty?* ● Oh yes, my dear. And he loves to have young girl-boys like you suck on his very large penis. ● *Would you please watch and make sure I do it right?* ● Yes, dear, of course.

Good, good. You're coming out just fine. I can see that we are going to have to test drive you on the street. ● *You mean we'll go outside with me looking like a girl?* ● Oh yes, dear. I'm going to put you in something very cheap and slutty. Then I'm going to walk you over to the construction site across the street. Those men are animals. ● *Will we be safe? What if they try to rape us or if they find out that I'm a boy?* ● Don't worry. I've taken my pupils there before. Sometimes the men have demanded that my pupils suck their rather funky penises. One poor boy actually had to take a black constuction worker's very thick cock up his ass-pussy while I watched and dried his tears. ● *Oh my goodness!*

Now it's time for some pretty underthings. These are very sheer so you must be very careful not to snag them as you slide them up your slim legs. ● Oh, they feel wonderful. ● Good, now you must push your penis way down and under. No one wants to see that. They want to see your pretty lips and your cute ass, but keep that dick tucked away! ● Now it's all flat, just like a girl! ● So you'd better get used to having bosoms. Men are going to want to touch you here all the time. ● I'm scared. ● Of course you are. This will be your first time. Just remember, let the man do anything he wants. You're just a sex toy. ● What about your husband? Will he be nice to me? ● No. He will want to fuck your ass-pussy. ● OH!

Okay, high heels are the most important part. They make your ass stick up and out, and they let a man know that you need his cock in your pussy. ● Will I be able to walk? ● Not fast enough to get away from them. That's the point. They will want to chase you and catch you and rip your skirt up over your thighs. ● What if i get an erection? ● They simply won't care. It's not what they want. They will want to finger your hole and put their big wet tongues in your mouth. ● Can we go to the construction site soon? I want to see some men's penises. ● Soon enough you little slut. First you're going to have to practice by getting on your knees and blowing my husband. He's waiting in the front office.

*This is one of my best wigs. Be careful when you suck my husband's penis that you keep it in your mouth when he spurts. The last boy who sucked him off got cum all over this wig. ● Do you think I'm pretty enough? ● Pretty enough to get your hot little ass fucked later down at the construction site. In fact, maybe my husband will fuck your ass, would you like that? ● Oh yes! ● I thought so, you little whore. Well, you're going to have to take care of me as well. I'm very horny from making you pretty and I think you should be licking my pussy while my husband fucks your boy-ass. ● So am I a bi-sexual girl? ● Oh yes, you'll let anybody do anything, sweetie.*
